### India G20 Presidency BEACH CLEANING ACTIVITY 2023

भारत 2023 INDIA

Mega Beach Cleaning Campaign  
Under G20 Presidency

ALAPPUZHA  
BEACH

22/166

**Date: 21 May 2023**

**Venue: Alappuzha Beach**

Under the leadership of India during its G20 Presidency, a massive Beach Cleanup Drive was organized on May 21, 2023, at Alappuzha, a popular coastal town in the Indian state of Kerala. The event aimed to promote environmental sustainability, raise awareness about the importance of clean beaches, and address the growing issue of marine pollution.

The primary objective of the Mega Beach Clean-up Drive was to engage the local community, volunteers, and stakeholders in cleaning up the beach, removing litter and waste, and restoring the pristine beauty of the coastline. Additionally, the event sought to highlight the global issue of marine pollution and encourage sustainable practices to protect marine ecosystems.

The Mega Beach Clean-up Drive was meticulously planned and executed by the Indian government in collaboration with local authorities, environmental organizations, and community groups. Prior to the event, extensive awareness campaigns were conducted to mobilize volunteers and ensure maximum participation. Five rithu members from our college participated in the event. The event was organised at Alappuzha beach on 21<sup>st</sup> May 2023 from 7.00 AM to 9.00 AM.

On the day of the event, participants gathered early in the morning at the designated clean-up site. The volunteers were provided with gloves, trash bags, and other necessary equipment. The clean-up activities were organized in a systematic manner, with different groups assigned to specific sections of the beach.

Participants, including government officials, environmental activists, students, and local residents, worked together tirelessly to collect and segregate various types of waste, including plastic bottles, wrappers, cigarette butts, and other non-biodegradable items. The collected waste was then appropriately disposed of or sent for recycling, ensuring minimal impact on the environment.

The Mega Beach Clean-up Drive under the India G20 Presidency at Alleppey witnessed an overwhelming response from the community. The combined efforts of the participants resulted in the removal of a substantial amount of waste from the beach, contributing to the preservation of marine ecosystems and the protection of coastal biodiversity. Later, each volunteers were awarded certificates for participating in the event.

Moreover, the event succeeded in raising awareness among the participants and the general public about the significance of maintaining clean beaches and oceans. It fostered a sense of responsibility and inspired individuals to adopt sustainable practices in their daily lives.

Green Christmas Carnival

The event was organised to create awareness on plastic free Christmas celebration at home.

Green is the way to celebrate festivals in these days of climate emergency, but not everyone takes the effort for it. However, Nature club members found ways to make this year Christmas with a new thought and also help society do the same in eco-friendly manner. Rithu members of Naipunnaya School of Management organized an event on 22<sup>nd</sup> Dec 2022 titled the '**Green Christmas Carnival**' with the motive to '**Think Clean and Go Green, Go Green to Keep the World Clean**'.

The event was first of its kind within our campus supported by all students, teaching and non-teaching staff with great excitement. All the Rithu volunteers dressed up with green cap and Santa clause were also dressed up in green dress to motivate others keeping in mind to create awareness on to celebrate Christmas in eco-friendly manner with reduced usage of plastic.

The Green Christmas Carnival was inaugurated by honourable Principal of the Institution Rev. Fr. Baiju George Ponthempilly who congratulated all the Club members for coming up with creative idea to impart message for a social cause to the local community.

Ms. Mehna Fathima Student Program Coordinator welcomed everyone on this momentous occasion.

The Vice Principal Ms. Puspha John, Asst. Executive Director Chacko Kilukkan, Academic Coordinator Rev. Fr. Anil Kiliyelkudy and Head of the Departments also felicitated the gathering by encouraging and urging them to come up with more innovative programs for the society.

The Programme started with carol song led by Bhoomithrasena Members and a Santa with green costume was present in the function who distributed a Cloth bag to the Mr. Vinod Chandran, HoD, Dept. of CSA as a representation to contribute towards a green environment.

Thereafter the carol band lead by green Santa, and volunteers of club visited the neighbourhood houses and distributed the cloth bag and a notice with the message on celebrates Plastic free Christmas.

On April 27th, 2023, the National Service Scheme of Naipunnya School of Management organized a Tree plantation drive at college campus in association with Nehru Yuva Kendra Alappuzha, as part of SEVA (Service Through Empowerment and Voluntary Action). The program was inaugurated by Fr. Chacko Kilukkan, the Assistant Executive Director of Naipunnya School of Management. The event was attended by Mr. Vivek and Mr. Sivamohan, who represented NYKS and NSS program officers and volunteers. The event was a huge success, with many volunteers participating in the tree plantation drive. The volunteers worked tirelessly to plant as many trees as possible in the college campus. The drive was aimed at promoting the importance of tree plantation and the need to protect the environment.

During the drive, the volunteers were provided with saplings of different varieties of trees such as neem, mango, jackfruit, etc. The volunteers were given instructions on how to plant the saplings and take care of them. The participants were also educated on the benefits of planting trees, such as reducing air pollution, providing shade, and promoting biodiversity. The tree plantation drive was a great initiative that was undertaken by the National Service Scheme of Naipunnya School of Management. The event aimed to create awareness among the public about the need to plant trees and the benefits that it provides. The event was a great success and was appreciated by all the participants. The volunteers felt satisfied and fulfilled after taking part in such an important event.
