REPORT OF TRAINING ON WEB DESIGNING
ST. ANTONY'S H.S KOKKAMANGALAM, CHERTHALA

Naipunnya School of Management Organized training for students of ST. Antony's H.S in web designing. This training program was conducted on 25th January 2022. The training session was started at 10 AM and end at 12 PM. The training session was inaugurated by the Headmaster Satheesh T. The one-day training was conducted for School Students. The session was handled by S6 BCA students of Naipunnya School of management Cherthala. In this workshop, students acknowledged a complete knowledge of Web Technology Web technology refers to the means by which computers communicate with each other using markup languages and multimedia packages. It gives us a way to interact with hosted information, like websites. Web technology involves the use of hypertext markup language (HTML) and cascading style sheets (CSS), XML, PHP and many more. Bootstrap is the most popular HTML, CSS, and JavaScript framework for developing responsive, mobile-first web sites. Bootstrap is completely free to download and use

The key points that were enclosed in the workshop were:

- Introduction of HTML
- CSS
- Types of CSS

Objective of the workshop was to impress upon the students the need of developing a theoretically and practically sound curriculum with strong "Web Technology" concept. After the training session an appreciation meeting conducted by St. Antony's school.
