The visit to luxurious rooms facilitated with free high-speed, wireless Internet access, a mini-bar and a 40-inch flat-screen television was a total delight for the them. The modern culinary styles deployed at MII Restaurant fascinated the students to the core. The presentation and service of delectable dishes from India and Southeast Asia representing the eastern Dining at RED Restaurant was a great learning experience. The students were then taken to the elegant and contemporary dining room- Café Delish, that provided carefully prepared cuisine on its buffets. The students were mesmerized not only with the décor, but also with the grand services that the Hotel offered to its clients.

Ms. Gaurinandana A, a student of BMS said that it was a joyous experience understanding the operations of the five star hotel. Mr. Abin Mathai, another student said that the visit helped him build an aspiration to work in such grand hotels.

Mentors Mr. Suresh Mathews (Placement Coordinator, NIHM) & Mr. Johy Jose (Faculty NIHM); who accompanied the students felt that the visit inspired the students to polish their skills further to get placed in big brands like Star Wood.

Rev Fr Baiju George Pontehmpilly, Principal of NSM, Cherthala, appreciated the department mentors for arranging such visits as exposure to back end operations of a hotel can help the students enhance their understanding of the culture of such an Industry.

We started our journey on 17-1-2020 at 7:00pm evening. The journey was started with a prayer by our principal. our first destination was mysore. Six teachers accompany us with us for the tour. We all were in a great excitement as we all are the first time together going for a trip. We reached Angamally at 10Pm and we arranged food for all the students there. By 9:40am we reached Mysore and we take the room there for - freshup. By 10:50am we have our breakfast and after that we started again our journey to reach our first spot Bird Sanctuary. We see different varieties of birds there then our second spot is Mysore palace, we there we are able to see the professional skill of the architect. By 2:00pm we leave the palace for having our lunch. After the lunch we went to Zoo. And by 5:30 Pm we started our journey for in mysore the Chamundi Hill for

shopping. We get two hours for shopping and after shopping we have our dinner in the restaurant we stayed and finally we all went to the room allotted for us. Thus the first day end with a lot of enjoyment and happiness. In the second day we started our journey to the second destination Coorg. We reached Coorg by 10.30 am and there we go for the river rafting, no words to say it was a very thrilling experience for all of us. By 2:00 PM we leave from there and after having our lunch we were sent for shopping. We get almost 2 and a half hour there for shopping. After that atleast at 7 PM we have D. set. arranged for us. We all were at the peak of enjoyment and we all danced together around the Camp fire along with our teachers. And after having our dinner we returned back. In the bus we all say the feedback about the tour, Every once feedback is positive and we are able to say that we enjoyed a lot and is a memorable journey ever in our life.

- Opening and Introduction

The Training-Workshop

The training-workshop was opened with an ice-breaker that required the participants to line up alphabetically by first name or nick name without talking. Mr. Vincet Baby then opened the session by welcoming the participants, asking participants and trainers to introduce themselves, and establishing the ground rules. She then went on to the first session on the concept of indigenous peoples, beginning with a word-visualization exercise, where the participants were asked to say out loud the first word/s that came to their minds upon hearing the words "indigenous peoples".

The session established that there is no internationally agreed definition of the term. "Hospitality industry" but that they share common characteristics.

After the lunch break Mr. Anil G Nair presented the basic elements of the hospitality industry based approach and asked the participants to divide themselves into three groups, with each group identifying by different International Hotel chains. The groups then presented the result of their discussions, and the rest of the participants contributed their comments on each of the presentations.
